

BUHAYEVICH ALEH

FRONTEND-DEVELOPER

Minsk,
Belarus

Date of birth:
25/02/1991

ABOUT MYSELF

Now i'm working in concern Belneftekhim. And after 5 years work there and the absence of concrete results of my work (imposition of sanctions on Belarus) I understood that I need to change direction job and start to work in IT-sphere. I chose that profession because I like to see real results of my work. It inspires to reach new heights.

WORK EXPERIENCE

02.2016 — Present
Day **The Belarusian State Concern for Oil and Chemistry**

Leading specialist in Department of Perspective Development

Achievements:

- Development and review of the future development plan of concern Belneftekhim;
- Prepared and signed a contract for marketing researches of petroleum and petrochemical products with "Ernst & young". Results of this research allowed to devise of Development Program of the petrochemical complex of Belarus to 2030;
- Evaluation of the efficiency of the implemented projects of the concern's organizations;
- Development of a memorandum of cooperation with Chinese company "CITIC Construction" which was sign during visit Senior Officials of Belarus to China in 2016. This enabled the involvement of Chinese companies in projects over 1.5 billion dollars;
- Cooperation with the Ministries and Departments of the Republic of Belarus.
